The Story Behind Our Green Range

As a Company, we have always worked tirelessly to establish ourselves as one of the most Loved & Revered brands for High Quality Workwear at Exceptionally Good Prices; an accolade we are truly passionate about.

The maxim we have always put into practise for achieving this accolade is, to put it plainly; **"Mindfulness"**.

"Mindfulness" not just for the wonderful team members we have, but also for our fantastic customers, the success of their business and their overall wellbeing.

With so many drastic changes affecting our climate, our daily existence and the wellbeing of our magical yet increasingly fragile planet, it was critical for us as a company to align our efforts with the exceptional manufacturing facilities we own, to bring about a much needed change.

Workwear has truly transformed over the last few years in leaps and bounds. It has become smarter, sleeker and more functional. Being one of the leading brands in the Workwear Segment, it was a natural progression for us to address the need for **a Range of High Quality Sustainable Workwear Styles which truly DOES NOT COST THE EARTH. Or the Customer.**

And so, the Green Range by Uneek was born!

PRINTING

Owing to the numerous processes and techniques used for printing on garments, we strongly recommend that a single garment is printed on, then washed and tested to ensure it meets your requirements before bulk printing. Care should be taken to ensure the right kind of pigments/

printing dyes are used while printing and the optimum temperature/heat levels are not exceeded. Violation of standards and procedures will result in the garment losing its feel/lustre as well as weakening of the fabric and overall garment performance.
